

## DSA 2023: IEEE Copyright Release

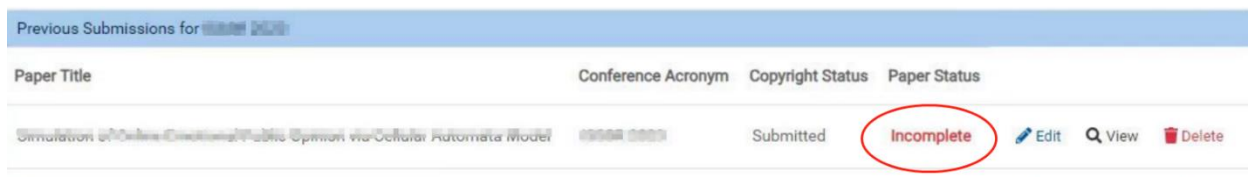

Authors of each accepted paper need to visit the following website to sign an IEEE copyright release form

<https://ieeecs.org/#!/auth/login?ak=1&pid=5EN72RInktS0sIKydpKoRu>

Deadline: **August 10, 2023**.

When you submit the copyright form, the title and authors in the form must be **exactly identical** with the title and authors in your **camera-ready version** instead of your initial submission.

After submitting the copyright form, your “Paper Status” will appear as “incomplete,” as depicted in the following image:

Paper Title	Conference Acronym	Copyright Status	Paper Status
Simulation of Online Election Public Opinion via Cellular Automata Model	DSAP 2023	Submitted	Incomplete

You do not need to worry about this status.

It is because instead of submitting the paper during the completion of the copyright, you submit your final version to the conference which then submits it to IEEE.

As mentioned above, you **do not need** to submit the camera-ready version of your paper to IEEE because the conference has already collected all the papers, examined their formats, and checked the similarity.

In this way, we can speed up the proceedings preparation and reduce the time for papers to be published and indexed.

If you have any questions, please contact Zizhao Chen at [zxc190007@utdallas.edu](mailto:zxc190007@utdallas.edu)
